

## A-FAC01 fingerprint access control

- Support Time Attendance
- Tamper alarm for unauthorized dismantling
- Easy enrollment of user from PC or terminal

### Product information

#### Features

- Supports fingerprint, password, smart card
- Highly sensitive and durable fingerprint sensor
- Easy configurable management software for centralized control of multiple fingerprint reader
- Support both RS485 & TCP/IP communication

#### Specification

Fingerprint Sensor  
Optical Sensor

Sensor Resolution  
500DPI

Verification mode  
1:1 or 1:N

User Capacity  
2,000 (expandable)

Record Transaction  
50,000 (expandable)

Communication Speed  
115200/38400/19200/9600, TCP/IP 10Mbps

Data Download  
LAN, USB

Time Zone  
20 (expandable)

#### Item Measurements/ Temperature

Width 60mm  
Height 180mm  
Length 85mm  
Weight 450g  
Humidity Temperature 20°C - 80°C  
Operating Temperature 0°C - +45°C

Power Supply  
DC 12V
