

A-AHF1042

visitor call panel

- Light Sensor to Night Button
- LCD Display
- Support alphanumeric button for paging
- Store transaction record for event records

Product information

Features

- Handsfree communication with Door Phone and Guard Unit
- Support Proximity / smart card reader module
- 2 Line English / Chinese character display

Specification

LCD Display
4" TFT LCD

Front Panel
3 Buttons

Working Voltage
DC 18V

Power Consumption
Standby: <0.9W; Work: <10W

Static Current
≤120mA

Resolution
420 TVL

Audio Power
>10 mW

Audio Distortion
≤5%

Item Measurements/ Temperature

Dimension: 199 x 217 x 60mm

Operating Temperature -20°C - +50°C
