

B-GP301

gps personal locator

- With GSM 900/1800/1900
- Location by SMS and Online Real-time Tracking
- GPS SirfStar III

Product information

Features

- Compact size, easy to hide
- Extremely low power consumption
- Fast Signal Acquisition
- Works worldwide with support for 3-frequencies GSM 900/1800/1900 Mhz.
- High sensitivity SirfStar III chipset
- Optional external battery.

Specification

GSM Module

Embedded GSM 900/1800/1900 Mhz

Channels

20 Channel All-in-view Tracking

Working Voltage

1300mAh 3.7V Battery

Standby Time

60 Hours

Altitude Limit

≤18,000 Metres Max

Velocity Limit

515 Metres/ Seconds Max

Position Accuracy

10 Metres, 2D RMS

Velocity Accuracy

0.1 Metres/ Seconds

Item Measurements/ Temperature

Dimension 76 x 46 x 25mm

Operating Temperature -25°C - +56°C
